CONTENTS

NEW SERIES, VOL. XXXVII, No. 145, JANUARY 1968

Genetics in Medicine. By C. A. Clarke, D. A. Price-Evans, R. Harris, R. B. McConnell, and J. C. Woodrow 1

Myopathy Associated with Pigmentation Following Adrenalectomy for Cushing's Syndrome. By John Prineas, R. Hall, D. D. Barwick, and A. J. Watson. With Plates 1 to 3 63

Renal Disease in Primary Gout. By K. A. Barlow and L. J. Beilin. With Plates 4 and 5 79

Renin, Angiotensin, Corticosteroids, and Electrolyte Balance in Addison's Disease. By J. J. Brown, Robert Fraser, A. F. Lever, J. I. S. Robertson, V. H. T. James, Jill McCusker, and V. Wynn 97

The Natural History of Cirrhosis. By W. D. Stone, N. R. K. Islam, and A. Paton 119

Fibrosing Alveolitis and Chronic Liver Disease. By Margaret Turner-Warwick. With Plates 6 to 8 133

Coarse Mucosal Folds in the Duodenum. By J. Rhodes, K. T. Evans, J. H. Lawrie, and A. P. M. Forrest. With Plates 9 to 11 151

The Arthropathy of Idiopathic Haemochromatosis. By Eric Hamilton, Roger Williams, K. A. Barlow, and P. M. Smith. With Plates 12 to 15 . . 171

NUMBER 146, APRIL 1968

Genetics in Medicine: A Review. By C. A. Clarke, D. A. Price-Evans, R. Harris, R. B. McConnell, and J. C. Woodrow 183

The Natural History of Chronic Non-Leukaemic Myelosis. By R. A. Hickling 267

Listeria Monocytogenes: Six Cases Affecting the Central Nervous System. By P. M. Ford, L. Herzberg, and S. E. Ford. 281

Use of Cryoprecipitate Antihaemophilic Factor for the Treatment of Haemophilia. By A. L. Bloom and J. H. Emmanuel 291

The Natural History of Diabetic Retinopathy. By Anne F. Burditt, F. I. Caird, and G. J. Draper 303

Analysis of Symptoms of Patients with Headaches and their Response to Treatment with Ergot Derivatives. By M. A. Barrie, W. R. Fox, M. Weatherall, and M. I. P. Wilkinson 319

Clinical Manifestations in Patients with Chronic Atrophic Gastritis, Gastric Ulcer, and Duodenal Ulcer. By Felicity C. Edwards and N. F. Coghill . 337

NUMBER 147, JULY 1968

Chronic Non-Obstructive Pyelonephritis and Hypertension: A Long-Term Study. By Ulla Bengtsson, Ann-Marie Högdahl, and Bertil Hood . . 361

Chronic Hepatitis: Effect of Prolonged Suppressive Treatment and Comparison of Azathioprine with Prednisolone. By I. R. Mackay 379

Clinical Studies with an Articular Index for the Assessment of Joint Tenderness in Patients with Rheumatoid Arthritis. By Dorothy M. Ritchie, James A. Boyle, John M. McInnes, Mukundrai K. Jasani, Theodore G. Dalakos, Phillida Grieveson, and W. Watson Buchanan 393

Studies of the Rise in Plasma. 11-Hydroxycorticosteroids (11-OHCS) in Corticosteroid-Treated Patients with Rheumatoid Arthritis during Surgery; Correlations with the Functional Integrity of the Hypothalamo-Pituitary-Adrenal Axis. By Mukundrai K. Jasani, Peter A. Freeman, James A. Boyle, Alick M. Reid, Michael J. Diver, and W. Watson Buchanan 407

Irreversible Post-Partum Renal Failure. By J. S. Robson, A. M. Martin, V. Anne Ruckley, and Mary K. Macdonald. With Plates 16–21 . . . 423

Osteogenesis Imperfecta in Twenty-three Members of a Kindred with Heritable Features Contributed by a Non-Specific Skeletal Disorder. By Martin C. Carey, Oliver Fitzgerald, and Eugene McKiernan. With Plates 22–25. . 437

Clinical and Precursory Forms of Pernicious Anaemia in Hyperthyroidism. By K. F. R. Schiller, G. H. Spray, A. G. Wangel, and R. Wright . . 451

Cardiomyopathy of Pregnancy and the Puerperium. By K. L. Stuart. With Plates 26–33 463

Acute Polyneuritis requiring Artificial Respiration. By R. L. Hewer, P. J. Hilton, A. Crampton Smith, and J. M. K. Spalding 479

Megaloblastic Anaemia in Myelosclerosis. By A. V. Hoffbrand, I. Chanarin, S. Kremenchuzky, L. Szur, A. H. Waters, and D. L. Mollin 493

NUMBER 148, OCTOBER 1968

Renal Tabular Acidosis and Amino-Aciduria in Osteomalacia of Dietary or Intestinal Origin. By Francis P. Nuldowney, Rosemarie Freaney, and Dorothy McGeeney 517

A Study of the Clinical Course and Arterial Blood Gas Tensions of Patients in Status Asthmaticus. By H. A. Rees, J. S. Millar, and K. W. Donald . . 541

Alport's Syndrome of Hereditary Nephritis and Deafness. By M. D. A. Crawfurd and P. J. Toghill 563

Persistent Alkalosis and Hypokalaemia Caused by Surreptitious Vomiting. By Martin Wallace, Peter Richards, Edward Chesser, and Oliver Wrong . . 577

Mannitol Retention During Diuretic Treatment of Barbiturate and Salicylate Overdosage. By A. G. Morgan, J. M. Bennett, and A. Polak 589

The Normal and Abnormal Pancreatic Scan. By R. N. Melmed, J. E. Agnew, and I. A. D. Bouchier 607

Subacute Sclerosing Panencephalitis. By J. H. Connolly, Ingrid V. Allen, L. J. Hurwitz, and J. H. D. Millar 625

Sixty-Second Annual General Meeting. The Association of Great Britain and Ireland 645

INDEX

Acidosis, renal tubular, and amino-aciduria in osteomalacia of dietary or intestinal origin, 517.
Acute polyneuritis requiring artificial respiration, 479.
Addison's disease, renin, angiotensin, corticosteroids and electrolyte balance in, 97.
Alkalosis, persistent, and hypokalaemia caused by surreptitious vomiting, 577.
Alport's syndrome of hereditary nephritis and deafness, 563.
Alveolitis, fibrosing, and chronic liver disease, 133.
Anaemia, megaloblastic, in myelosclerosis, 493.
Anaemia, pernicious, clinical and precursory forms in hyperthyroidism, 451.
Analysis of symptoms of patients with headaches and their response to treatment with ergot derivatives, 319.
Antihaemophilic factor, cryoprecipitate, for treatment of haemophilia, 291.
Arterial blood gas tensions, a study of the clinical course, and, of patients in status asthmaticus, 541.
Articular index, clinical studies with, for assessment of joint tenderness in patients with rheumatoid arthritis, 393.
Artificial respiration, acute polyneuritis requiring, 479.
Atrophic gastritis, chronic, gastric ulcer, and duodenal ulcer, clinical manifestations in patients with, 337.

Barbiturate and salicylate overdosage, mannitol retention during diuretic treatment of, 589.

Cardiomyopathy of pregnancy and puerperium, 463.
Chronic hepatitis: effect of prolonged suppressive treatment and comparison of azathioprine with prednisolone, 451.
Chronic liver disease, fibrosing alveolitis and, 133.
Chronic non-obstructive pyelonephritis and hypertension: a long term study, 361.
Cirrhosis, the natural history of, 119.
Clinical and precursory forms of pernicious anaemia in hyperthyroidism, 451.
Clinical manifestations in patients with chronic atrophic gastritis, gastric ulcer and duodenal ulcer, 337.
Clinical studies with an articular index for the assessment of joint tenderness in patients with rheumatoid arthritis, 393.
Coarse mucosal folds in the duodenum, 151.
Cryoprecipitate anti-haemophilic factor, use of for treatment of haemophilia, 291.

Diabetic retinopathy, natural history of, 303.
Diuretic treatment of bariturate and salicylate overdosage, mannitol retention during, 589.
Duodenal ulcer, clinical manifestations in patients with chronic atrophic gastritis, gastric ulcer and, 337.
Duodenum, coarse mucosal folds in, 101.

Ergot derivatives, analysis of symptoms of patients with headaches and their response to treatment with, 319.

Fibrosing alveolitis and chronic liver disease, 133.

Gastric ulcer and duodenal ulcer, clinical manifestations in patients with, 337.
Genetics in medicine part I, 1.
Genetics in medicine part II, 183.
Gout, renal disease in primary, 79.

Haemochromatosis, the arthropathy of idiopathic, 171.
Haemophilia, use of cryoprecipitate anti-haemophilic factor for the treatment of, 291.
Headaches, analysis of symptoms of patients with, and their response to treatment with ergot derivatives, 319.
Hepatitis, chronic: effects of prolonged suppressive treatment and comparison of azathioprine with prednisolone, 379.
Hereditary nephritis, Alport's syndrome of and deafness, 563.
Hypertension, chronic non-obstructive pyelonephritis and, 361.

Hyperthyroidism, clinical and precursory forms of pernicious anaemia in, 451.
Hypokalaemia, persistent alkalosis and, caused by surreptitious vomiting, 577.

Idiopathic haemochromatosis, the arthropathy of, 171.
Irreversible post-partum renal failure, 423.

Listeria Monocytogenes: six cases affecting the nervous system, 281.
Liver disease, chronic, fibrosing alveolitis and, 133.

Mannitol retention during diuretic treatment of barbiturate and salicylate overdosage, 589.
Megaloblastic anaemia in myelosclerosis, 493.
Myopathy associated with pigmentation following adrenalectomy for Cushing's syndrome, 63.

Natural history of chronic non-leukaemic myelosis, the, 267.
Natural history of cirrhosis, the, 119.
Natural history of diabetic retinopathy, the, 303.
Normal and abnormal pancreatic scan, the, 607.

Osteogenesis imperfecta in twenty-three members of a kindred with heritable features contributed by a non-specific skeletal disorder, 437.
Osteomalacia of dietary or intestinal origin, renal tubular acidosis and amino-aciduria in, 517.

Pancreatic scan, the normal and abnormal, 607.
Panencephalitis, subacute sclerosing, 625.
Pernicious anaemia, clinical and precursory forms of, in hyperthyroidism, 463.
Persistent alkalosis and hypokalaemia caused by surreptitious vomiting, 577.
Pigmentation following adrenalectomy for Cushing's syndrome, myopathy associated with, 63.
Polyneuritis, acute, requiring artificial respiration, 479.
Post-partum renal failure, irreversible, 423.
Pregnancy and the puerperium, cardiomyopathy of, 463.
Primary gout, renal disease in, 79.
Proceedings of Association of Physicians, 645.
Pyelonephritis, chronic non-obstructive, and hypertension, 361.

Renal disease in primary gout, 79.
Renal failure, irreversible post-partum, 423.
Renal tubular acidosis and amino-aciduria in osteomalacia of dietary or intestinal origin, 517.
Renin, angiotensin, corticosteroids and electrolyte balance in Addison's disease, 97.
Rheumatoid arthritis, clinical studies with an articular index for the assessment of joint tenderness in patients with, 393.
Rise in plasma 11-hydroxycorticosteroids, studies of the, 407.

Status asthmaticus, a study of the clinical course and arterial blood gas tensions of patients in, 541.
Studies of the rise in plasma 11-hydroxycorticosteroids in corticosteroid-treated patients with rheumatoid arthritis during surgery: correlations with functional integrity of the hypothalamo-pituitary-adrenal axis, 407.
Study, a, of the clinical course and arterial blood gas tensions of patients in status asthmaticus, 541.
Subacute sclerosing panencephalitis, 625.

The arthropathy of idiopathic haemochromatosis, 171.
The natural history of chronic non-leukaemic myelosis, 267.
The natural history of cirrhosis, 119.
The natural history of diabetic retinopathy, 303.
The normal and abnormal pancreatic scan, 607.
Tubular acidosis, renal, and amino-aciduria in osteomalacia, 517.

Use of cryoprecipitate anti-haemophilic factor for the treatment of haemophilia, 291.
